

Tuesday 15th 1914

the Union's pickets was very active last night on the corner of Fair and Boulevard there was a bunch of 7 or 8 there most of them had their knives open in their hands. We did not see any of them. A large crowd went to the Hall

McLean

These pickets were especially active on Boulevard last night. They didn't seem to be doing any talk to our hands but were talking among themselves. I rather attribute a part of this activity to the case in court that came up yesterday and the one that come up today and tomorrow, though the matter should not be overlooked
