OE-3

Mr. James A. Emery,
National Council for Industrial Defense,
Union Trust Building,
Washington, D. C.

My dear Mr. Emery,

I have yours of the 9th and will promptly write to both Senator Smith and Senator Hardwick along the lines suggested by you.

I presume it is not necessary to take the matter up with our representatives in the House, as I judge from your letter that it is purely a Senate matter.

You probably have noted in the papers that the Commission on Industrial Relations is going to hold a session here the latter part of March. If, as Counsel of the National Association of Manufacturers, you can give us any advice as to our procedure when being subpoenaed by this party, we would appreciate same.

Sincerely yours,

President.
