OE-5

Mr. John Y. Phillips,

Pinnacle, N. C.

Dear Sir:

We made you a shipment yesterday of your order for 1,000 Flour Sacks.

The object of this letter is to tell you that we have been advised that some of our ex-employees, who call themselves strikers, intend to write you direct, or through their representative, telling you that there is a strike on at our plant.

We want to say to you, in the firmest way possible, that we have been running to full capacity ever since September 20, 1914; in fact, have been turning help away every day, and at the present time we do not believe a day passes that we do not turn away from twenty to fifty hands because of lack of work, and as every machine is running full now we ask you as a personal favor, if you get such letter, that you save the envelope, with the letter, and send it to us by the first mail, in the enclosed stamped envelope.

The writer is following up these matters personally, and that is the reason we are addressing the enclosed envelope in this manner.

Appreciating your co-operation, we are

Yours truly,

FULTON BAG & COTTON MILLS

N. B.

This refers to Order No. 6459,
shipped April 30, 1915.
