June 11th, 1918.

Fulton Bag Company,  
Mr. G. A. Johnston,  
153 No. Moreland Av  
Atlanta, Ga.

Dear Sir:--

Acknowledging the receipt of your order through our Mr. Olsen we wish to state that the charges for services of each operative will be SEVEN DOLLARS (\$7.00) per day and expenses. The expenses for Mr. Olsen and the female Operative will consist of Subsistence, such as might be required, however they are instructed to secure a living place with as little expense as possible. They will also charge for any incidental expenses which might be necessary to secure the desired information and evidence.

The Charges for Mr. Barden, Operative #31, will also be \$7.00 per day, and expenses. The expenses will consist of Transportation from Nashville, to Atlanta, and return, subsistence, and such incidental expenses which may be required. The charges will commence from the days as above mentioned, and cease when the investigation is completed or instructed to discontinue. The Charges will include Sundays and Holidays, as on such days the Operative will have a better opportunity to secure the desired information.

It may be necessary for Mr. Olsen to present to you from time to time written orders for advance expenses, as it would be inadvisable to send a draft from this office as this would tend to disclose his identity. Mr. Olsen will submit to you written reports instead of sending reports to this office.

If there should be any misunderstanding with reference to the terms we wish you would communicate with us at once, so there will be no disputes after the investigation is completed.

Thanking you for your order, and trusting our services will prove beneficial to you we are

Yours very truly,

AMERICAN DETECTIVE SERVICE CO.

*John W. Weccard*  
General Manager.
