1st of Feb

Mr. Oscar Elsas, Pres.,
Fulton Bag & Cotton Mills,
Atlanta, Ga.

Dear Mr. Elsas:

Our Mr. Stockmar of the St. Louis office advises me that Isaac L. Jones (colored) operative #396, will be available within a few days. Jones is a man who has been able to do some very good work in St. Louis, for the Curtis Manufacturing Company, in speeding up colored help by means of using propaganda. He is an Alabama negro and would be at home among the southern negroes. He writes good intelligent reports, and I am very sure that he would be able to do good service both in speeding up and in uncovering other things which might be interesting.

This man could be used as a laborer and could be kept exclusively amongst the negroes. I feel that the services of this operative would be valuable to you, and our Mr. Stockmar has written me explaining that he spoke of Jones to you many times, about a year ago.

Kindly advise me if you desire to use this party.

Yours very truly,

RAILWAY AUDIT & INSPECTION COMPANY,

BY Harry Preston
District Mgr. 13.
